THE IMMUNE SYSTEM *Company*®

In 1998, Founders David and Bianca Lisonbee embarked on a journey to bring phenomenal 4Life Transfer Factor® products to the world. Unlike common supplements you find in health food stores, transfer factors aren't vitamins, minerals, or herbs. Instead, they're immune peptides that transfer immune system memory and knowledge from one entity to another. Here at 4Life, we focus on the immune system, because when you feel your best, you can be your best.*

The introduction of 4Life Transfer Factor opened the door for further research, patented techniques, and a new category of immune system products that support health in a different way—by the immune system, for the immune system. Our in-house Quality department, which is comprised of scientists

and medical professionals, continually raises the standard for modern-day immune system supplementation and ensures the cutting-edge quality of our products.*

Because of our deep commitment to quality, excellence, and scientific innovation, we certify every 4Life Transfer Factor product we sell. In our state-of-the-art, million-dollar testing lab, we conduct hundreds of tests per product to ensure identity, purity, strength, and composition. Many products undergo additional rigorous quality assurance tests before we release them for distribution.

4Life is The Immune System Company®, and our products are the foundation and heart of our business. We strive to create products that meet and exceed the highest standards so

you can feel confident incorporating them into your health routine and sharing them with your friends and loved ones. Your immune system and overall wellness are in good hands with our science-backed products.*

Products you can **trust**

We want to introduce our star ingredient: 4Life Transfer Factor. Transfer factors are unlike any other ingredient; they aren't a vitamin, mineral, or herb. Rather, they are unique bioactive immune peptides that educate and enhance the immune system. We source our transfer factors from cow colostrum, chicken egg yolks, and *Brassica napus* seeds through proprietary processes. We partner with the National Dairy FARM Program and United Egg Producers to ensure our animals are treated well. Our products are manufactured in NSF-certified facilities with patented and proprietary processes, which means they are held to the highest standards of cleanliness and safety.

“Transfer factors are a remarkable aspect of nature’s wisdom. They help your immune system recognize, respond to, and remember potential health threats.”*

Which 4Life Transfer Factor product **is right for me?**

The immune system is a complex network of cells with different functions. Recent independent laboratory studies show that core 4Life Transfer Factor products bolster natural killer (NK) cell activity in the presence of a health threat, while activating a variety of other immune system cells, such as B cells, T cells, macrophages, stem cells, neutrophils, and dendritic cells.[†] Discover the unique benefits and qualities of our core 4Life Transfer Factor products and how they support the body's cellular defenses.*

4Life Transfer Factor Acts as a Prebiotic by Boosting the Growth of Probiotics*

- L. rhamnosus (Lr-32)
- L. acidophilus (NCFM)
- B. lactis (BI-04)
- B. longum (BB536)
- B. infantis (M-63)

4Life Transfer Factor Tri-Factor Formula

An independent university study assessed the potential benefit of 4Life Transfer Factor Tri-Factor Formula in Pre/o Biotics. This in vitro study measured probiotic growth in the presence or absence of 4Life Transfer Factor Tri-Factor Formula in comparison to common prebiotics. Results revealed that 4Life Transfer Factor Tri-Factor Formula enhances Pre/o Biotics by stimulating probiotic growth. These data suggest that 4Life Transfer Factor Tri-Factor Formula has prebiotic effects and enhances the benefits of the other ingredients in Pre/o Biotics.* Hoffman, D., Oberg, C., & Domek, M. (2018). Rapid method for measuring the effect of prebiotics on probiotic bacterial growth. Weber State University, UT. American Dairy Science Association, Knoxville, TN (conference abstract #M123). <https://m.adsa.org/2018/abs/t/74631>

4Life Service Fortify a life

Foundation 4Life is dedicated to serving our most vulnerable population—children—by giving them the resources they need to live rich, fulfilling lives. If you want to contribute to Foundation 4Life, you can donate at 4Life.com or purchase a bag of Fortify. These bags are given to hungry children around the world who may not know where they will get their next meal.

about 4Life Fortify

4Life Fortify

Through our partnership with Feed the Children, you can provide great-tasting meals for children currently experiencing poverty. One bag of 4Life Fortify provides 12–24 meals of rice, lentils, and beans, along with a complete nutritional complex of vitamins, minerals, and 4Life Transfer Factor Tri-Factor Formula to a hungry child.*

- Provides a protein-rich meal with the texture of a true meal, not simply porridge*
- Provides proper nutrition for individuals of all ages*
- Tastes great and can be enjoyed by different cultures around the world

4Life Fortify is for donation through Feed the Children and is not for personal use.

4Life Research offers an incentive to buy, donate, and promote 4Life Fortify meal packs. Commission is included in the price of the pack and allows Affiliates to invest their time and resources to encourage others to join the 4Life legacy of service. 4Life Fortify is created and supported by 4Life Research: a for-profit company that facilitates donations of purchased 4Life Fortify meal packs to non-profit partners such as Feed the Children. Charity partners distribute 4Life Fortify to children in need without charge or fees.

Foundation 4Life

Foundation 4Life began in 2006 when 4Life Founder Bianca Lisonbee organized a non-profit organization to benefit children around the world. Situated in the Wasatch Mountains of northern Utah, 4Life supports Foundation 4Life by donating a portion of every product purchase to service projects around the world.

Please consider adding a donation to your next 4Life order. Every dollar you donate can help a child in need.
